

Touring Prescott and Russell... in photos

Many events take place all over the United Counties of Prescott and Russell (comprising eight municipalities) and the scenery is breathtaking. Now, a book of photos proves it! This collection of photos was released just in time for summer. The hardcover book sells for \$20.00 at the United Counties or at various municipal offices, including Champlain Township's main office (948 Pleasant Corner Road East). This project is entirely homegrown: the Barnyard Studio du coin group took many photographs and imagined its design while Imprimerie Plantagenet Printing produced the actual product.
