

Blood Donor Clinic in Vankleek Hill, July 20

At this time of the year, blood reserves are low throughout the country. Thankfully, following a July 1st appeal for 60,000 donors from the Canadian Blood Services, many Canadians have taken up this challenge. You can do the same, thanks to a clinic which the Vankleek Hill Lions Club is sponsoring next July 20 at the Vankleek Hill Community Centre. The goal is to welcome 70 donors. "Group" reservations and shuttle service possible (for groups of four or more). See bilingual poster.
