

**CLASS ENVIRONMENTAL ASSESSMENT
VANKLEEK HILL WWTP UPGRADE
PUBLIC COMMENT INVITED**

The Vankleek Hill Wastewater Treatment Plant (WWTP) exceeds the effluent criteria specified under the Ministry of the Environment and Climate Change's Environmental Compliance Approval (previously called a Certificate of Approval). The Township is therefore considering alternatives to comply with the effluent criteria and to provide adequate capacity for future growth in the former Village of Vankleek Hill.

In accordance with the requirements for **Schedule C** projects of the **Municipal Class Environmental Assessment**, the Township is making preliminary study material and plans available for public review. On Thursday September 24th, 2015, between the hours of 16:00 to 20:00, the public is invited to attend an information session at Council Chambers, 948 Pleasant Corner Rd. E, Vankleek Hill. The Township's consultant will be available to discuss issues and concerns with members of the public. Thereafter, input and comment will be accepted by the consultants until 30th September, 2015.

Further details and a copy of the information presented at the open house are available at the consultant's office: WSP Canada Inc., 1345 Rosemount Avenue, Cornwall, On K6J 3E5, telephone (613) 933 -5602; attention Mr. Marco Vincelli, Project Manager.

Subject to comments received as a result of this Notice, the Township plans to instruct the consultant to proceed with the planning for this project and an Environmental Study Report will be prepared and placed on the public record for a minimum of 30 day review period.

This Notice issued 16th September, 2015.
