## VANKLEEK HILL STANDPIPE UPGRADES NOTICE OF PROJECT COMMENCEMENT

---

This notice serves to advise the residents and business owners in the former Village of Vankleek Hill that commencing the week of August 22<sup>nd</sup> through to the end of October, Rescom Coatings Inc. will be working at the Vankleek Hill standpipe (water tower). The work consists of repairs and coating of the interior of the standpipe.

Please be advised that during the work, the standpipe will be off line and there might be some minor water pressure differences noticed during that time. Residents should also be advised that in preparation to this work, the Ontario Clean Water Agency (OCWA) will be conducting tests as of this week which will be lowering the available water pressure.

For further information on this project, please contact our consultant: Mr. Ian MacLeod, Project Manager, WSP Canada Inc., 1345 Rosemount Avenue, Cornwall, On K6J 3E5, telephone (613) 933 -5602.

This Notice issued on August 15<sup>th</sup> 2016.
